

Inside Sales Representative (m/f/x)

3S GmbH – Saarbrücken

3S GmbH is a growing technology company in the field of gas measurement technology specializing in the development and distribution of innovative testing technology for quality control. Established as a spin-off from research in 2006, the company is market leader for air quality monitoring and nondestructive leak and odor testing of products today. Sensors, signal processing, systems – in brief 3S – very well describe the core competencies of the about 30 members of staff.

Inside Sales Representative (m/f/x), full-time or part-time (20 to 40 hours per week)

As an inside sales representative (m/f/x) you will help us market our products B2B abroad. Among other things, you will win new customers by phone and e-mail. You will identify potentials for a successful new customer acquisition.

What we expect from you

- Experience in telesales.
- Self-confident manner, ambition combined with entrepreneurial thinking.
- Goal-oriented and careful working.
- At least good English language capabilities. Knowledge of the German language is advantageous but not essential.
- Ability to work in a team, loyalty, and high sense of responsibility.

What you can expect from us

We are a highly motivated international team in an innovative working environment. We are characterized by a flat hierarchy and the possibility for personal development. We work together with respect, and honesty, fairness, and open communication come first. Everybody has the possibility to develop his own ideas and play a part in our team. We offer you a varied, challenging work and fair payment.

We are looking forward to your application by the 29th of April, 2022 at the latest.

Mister Stefan Ninnig
